

Amade

FALL '26
COLLECTION

100% MADE IN LOS ANGELES

Finding the balance of creating high quality, elevated styles while ensuring we stay true to fair labor practices is what led to the beginning of LAmade.

Established in 2004 by immigrants who came to the U.S. with an American dream, we made it our mission to create contemporary women's clothing that was created with our employees' well being in mind. In addition to this, we remain focused on bettering our planet by designing into a large amount of sustainable fabrics and working with companies within a 10 mile radius to lower our carbon footprint.

Our focus on merging values with thoughtful designs and fabrications is what makes our clothing the easy to wear, staple pieces you'll always feel good about wearing.

FALL '26 COLLECTION

Fall '26 explores elevated essentials through texture, balance, and understated refinement.

Delicate pointelle and open knits bring softness and dimension, layered with all-season weight French Terry, signature tissue jersey, modal ribs, fluid silky wovens, and vegan leather for subtle contrast.

A grounded palette of Coffee, Chestnut, Dark Olive, Ocean Wave, and Steel defines the season — rich, versatile tones designed to transition effortlessly.

The collection is built around modern ease: refined silhouettes, tactile fabrics, and everyday pieces with quiet sophistication.

TABLE OF CONTENTS

- 37 - Tissue Jersey (4,5)
- 42 - 2X1 Modal Stretch Rib (S2)
- 44 - Silky Woven (RNW)
- 47 - Silky Woven Lace (RNW LC)
- 48 - Crepe French Terry (CFT)
- 50 - Organic Cotton Pointelle (ORGP)
- 52 - Thermal (TH)
- 54 - Vegan Buttery Leather (LVL)
- 56 - Crochet Knit Sweater (CRS)

BENEFITS OF OUR PROCESS

We believe in quality clothing that will become your favorite styling staples.

That's why we take the extra steps to make sure that you can keep it in your closet for a long time!

At LAmade, we have majority of our collections undergo a garment dye process which is beneficial in many ways:

- Preshrunk so that it doesn't change sizes each time you wash it
 - Smooth feel thanks to a special softener
- Color shading consistency throughout the whole garment

We also run tests on every possible aspect (color, shrinkage, shape, weight, feel, etc.) to ensure you'll love your clothes.

Lastly, we make everything 100% in Los Angeles because we believe that is the true essence of being an LA brand. We care for how the product is made, where it is made and who makes them. We trust that you share our passion and commitment to these values.
